

## CM-IP200MPTZ

### HD High Speed IP PTZ Camera

#### Key Features:

- High performance 1/2.8" CMOS.
- Support dual stream compression technology.
- IR distance 150m; product life can reach 30,000 hours.
- Intelligent infrared control technology
- Constant current circuit design,
- Efficient cooling structure

Signal model	PAL/NTSC	IR on	Day/Night/Auto/Timing
Image sensor	1/2.8" CMOS	IR life	30000hours
Effective pixel	1920(H)x1080(V)	Horizontal range	360°Continuous rotation
Horizontal resolution	1080P	Vertical range	-90°~0°
Minimum illumination	Color:0.01Lux,B/W:0.001Lux	Preset call speed	Max 200°/S
S/N ratio	>60dB	Manual call speed	0.01°~180°/S
Backlight compensation	On/off	Presets	255
White balance	Auto	Cruise track	8 groups, each group for 16 p resets
Electronic shutter	PAL:1/25~1/100000s NTSC:1/30~1/100000s	Patrol track	4 groups, each group record 3 mins
Focus length	5-90mm	Video compression	H.264 Main Profile encoding
Optical focus	22x		MJPEG / JPEG Baseline encoding
Focus system	Auto/Manual	Audio compression	G.711, G.726
IR distance	150m	Primary stream	1920 * 1080 25fps
IR light control	Intelligent control technology	Secondary stream	VGA, QVGA 25fps
IR light angle	Infrared zoom matching technology	Video bit rate	32Kbps-16Mbps continuously adjustable, support CBR / VBR
IR light power	Manual setting	ONVIF support	Support
protection level	IP66	Power	35W
Power supply	DC12V(4A)	Work temperature	-35-65°C
Cooling Structure	Dustproof structure outside the circle
